

## ELENCO DELLE PUBBLICAZIONI

### Lavori su riviste con impact factor

1. Piccinni E., Bertaggia D., **Santovito G.**, Miceli C., Kraev A. (1999). Cadmium metallothionein gene of *Tetrahymena pyriformis*. *Gene*, **234**, 51-59. doi: 10.1016/S0378-1119(99)00181-X
2. **Santovito G.\***, Irato P., Piccinni E., Albergoni V. (2000). Relationship between metallothionein and metal contents in red-blooded and white-blooded Antarctic teleosts. *Polar Biol.*, **23**, 383-391. doi: 10.1007/s003000050459
3. Albergoni V., Cassini A., Coppellotti O., Favero M., Favero N., Irato P., Piccinni E., **Santovito G.** (2000). Physiological responses to heavy metal and adaptation to increase oxygen partial pressure in Antarctic fish and protozoa. *It. J. Zool.*, **67**, 1-11. doi: 10.1080/11250000009356349
4. Manzano M., Cocolin L., Citterio B., Conte L., De Bertoldi M., Comi G., Beltramini M., **Santovito G.**, Salvato B. (2000). Biochemical responses in a *Candida famata* strain adapted to high copper concentrations. *Biometals*, **13**, 251-259. doi: 10.1023/A:1009218621588
5. **Santovito G.**, Irato P., Piccinni E. (2000). Regulation of metallothionein in *Tetrahymena*: induction of MT-mRNA and protein by cadmium exposure. *Eur. J. Protistol.*, **36**, 437-442. doi: 10.1016/S0932-4739(00)80049-8
6. Irato P., **Santovito G.**, Piccinni E., Albergoni V. (2001) Oxidative burst and metallothionein as a scavenger in macrophages. *Immunol. Cell Biol.*, **79**, 251-254. doi: 10.1046/j.1440-1711.2001.01009.x
7. **Santovito G.**, Irato P., Palermo S., Boldrin F., Sack R., Hunziker P., Piccinni E. (2001) Identification, cloning and characterisation of a novel copper-metallothionein in *Tetrahymena pigmentosa*. Sequencing of cDNA and expression. *Protist*, **152**, 203-213. doi: 10.1078/1434-4610-00061
8. **Santovito G.**, Salvato B., Manzano M., Beltramini M. (2002). Copper adaptation and methylotrophic metabolism in *Candida boidinii*. *Yeast*, **19**, 631-640. doi: 10.1002/yea.862
9. Boldrin F., **Santovito G.**, Irato P., Piccinni E. (2002) Metal interaction and regulation of *Tetrahymena pigmentosa* metallothionein genes. *Protist*, **153**, 283-291. doi: 10.1078/1434-4610-00105
10. Irato P., **Santovito G.**, Cassini A., Piccinni E., Albergoni V. (2003) Metal accumulation and binding protein induction in *Mytilus galloprovincialis*, *Tapes philippinarum* and *Scapharca inaequivalvis* from Lagoon of Venice. *Arch. Environ. Contam. Toxicol.*, **44**, 476-484. doi: 10.1007/s00244-002-1262-8
11. Boldrin F.<sup>e</sup>, **Santovito G.<sup>e</sup>**, Negrisolò E., Piccinni E. (2003) Cloning and sequencing of four new metallothionein genes from *Tetrahymena thermophila* and *T. pigmentosa*: evolutionary relationships in *Tetrahymena* MT family. *Protist*, **154**, 431-442. doi: 10.1078/143446103322454167
12. Corsi I., Bonacci S., **Santovito G.**, Chiantore M., Castagnolo L., Focardi S. (2004) Cholinesterase activities in the Antarctic scallop *Adamussium colbecki*: tissue expression and effect of ZnCl<sub>2</sub> exposure. *Mar. Environ. Res.*, **58**, 401-406. doi: 10.1016/j.marenvres.2004.03.086
13. Corsi I., Bonacci S., **Santovito G.**, Chiantore M., Castagnolo L., Focardi S. (2004) Preliminary investigation on cholinesterases activity in *Adamussium*

- colbecki* from Terranova Bay: field and laboratory study. *Chem. Ecol.*, **20**, 79-87. doi: 10.1080/02757540310001629206
14. Santon A., Albergoni V., **Santovito G.**, Sturniolo G. C., Irato P. (2004) Relationship between metallothionein and zinc in the protection against DNA damage in zinc-treated Long-Evans Cinnamon rat liver. *Eur. J. Histochem.*, **49**, 317-321. doi: 10.4081/902
  15. **Santovito G.\***, Piccinni E., Cassini A., Irato P., Albergoni V. (2005) Antioxidant responses of the Mediterranean Mussel, *Mytilus galloprovincialis*, to environmental variability in dissolved oxygen. *Comp. Biochem. Physiol. C*, **140**, 321-329. doi: 10.1016/j.cca.2005.02.015
  16. Boldrin F., **Santovito G.**, Clark T.G., Wloga D., Gaertig J., Piccinni E. (2006) Metallothionein gene from *Tetrahymena thermophila* with a copper inducible-repressible promoter. *Euk. Cell*, **5**, 422-425. doi: 10.1128/EC.5.2.422-425.2006
  17. **Santovito G.\***, Cassini A., Piccinni E. (2006) Cu,Zn SOD from *Trematomus bernacchii*: molecular properties and evolution. *Comp. Biochem. Physiol. C*, **143**, 444-454. doi: 10.1016/j.cbpc.2006.04.007
  18. **Santovito G.\***, Formigari A., Boldrin F., Piccinni E. (2007) Molecular and functional evolution of *Tetrahymena* metallothioneins: new insights into the gene family of *Tetrahymena thermophila*. *Comp. Biochem. Physiol. C*, **144**, 391-397. doi: 10.1016/j.cbpc.2006.11.010
  19. Irato P., Piccinni E., Cassini A., **Santovito G.** (2007) Antioxidant responses to variations in dissolved oxygen of *Scapharca inaequalis* and *Tapes philippinarum*, two bivalve species from the lagoon of Venice. *Mar. Poll. Bull.*, **54**, 1020-1030. doi: 10.1016/j.marpolbul.2007.01.020
  20. Boldrin F., **Santovito G.**, Formigari A., Bisharyan Y., Cassidy-Hanley D., Clark T.G., Piccinni E. (2008) *MTT2*, a copper-inducible metallothionein gene from *Tetrahymena thermophila*. *Comp. Biochem. Physiol. C*, **147**, 232-240. doi: 10.1016/j.cbpc.2007.10.002
  21. Formigari A., Boldrin F., **Santovito G.**, Cassidy-Hanley D., Clark T.G., Piccinni E. (2010) Functional characterization of the 5'-upstream region of *MTT5* gene from *Tetrahymena thermophila*. *Protist*, **161**, 71-77. doi: 10.1016/j.protis.2009.06.002
  22. **Santovito G.**, Piccinni E., Boldrin F., Irato P. (2012) Comparative study on metal homeostasis and detoxification in two Antarctic teleosts. *Comp. Biochem. Physiol. C*, **155**, 580-586. doi: 10.1016/j.cbpc.2012.01.008
  23. Franchi N., Ferro D., Ballarin L., **Santovito G.** (2012) Expression of genes involved in glutathione biosynthesis in the solitary tunicate *Ciona intestinalis* exposed to heavy metals. *Aquat. Toxicol.*, **114-115**, 14-22. doi: 10.1016/j.aquatox.2012.02.007
  24. **Santovito G.**, Marino S., Sattin G., Cappellini R., Bubacco L., Beltramini M. (2012) Cloning and characterization of cytoplasmic carbonic anhydrase from gills of four Antarctic fish: insights into the evolution of fish carbonic anhydrase and cold adaptation. *Polar Biol.*, **35**, 1587-1600. doi: 10.1007/s00300-012-1200-9
  25. Ferro D., Franchi N., Mangano V., Bakiu R., Cammarata M., Parrinello N., **Santovito G.\***, Ballarin L. (2013) Characterization and metal-induced gene transcription of two new copper zinc superoxide dismutases in the solitary ascidian *Ciona intestinalis*. *Aquat. Toxicol.*, **140-141**, 369-379. doi: 10.1016/j.aquatox.2013.06.020

26. Franchi N., Piccinni E., Ferro D., Basso G., Spolaore B., **Santovito G.\***, Ballarin L. (2014) Characterization and transcription studies of a phytochelatin synthase gene from the solitary tunicate *Ciona intestinalis* exposed to cadmium and in relation to cell proliferation. *Aquat. Toxicol.*, **152C**, 47-56. doi: 10.1016/j.aquatox.2014.03.019
27. Ferro D., Bakiu R., De Pittà C., Boldrin F., Cattalini F., Pucciarelli S., Miceli C., **Santovito G.\*** (2015) Cu,Zn superoxide dismutases from *Tetrahymena thermophila*: molecular evolution and gene expression of the first line of antioxidant defenses. *Protist*, **166**, 131-145. doi: 10.1016/j.protis.2014.12.003
28. Bakiu R., Korro K., **Santovito G.** (2015) Positive selection effects on the biochemical properties of mammal pyroglutamylated RFamide peptide receptor (QRFPR). *It. J. Zool.*, **82**, 309-326. doi: 10.1080/11250003.2015.1018352
29. **Santovito G.**, Boldrin F., Irato P. (2015) Metal and metallothionein distribution in different tissues of the Mediterranean clam *Venerupis philippinarum* during copper treatment and detoxification. *Comp. Biochem. Physiol. C*, **174-175**, 46-53. doi: 10.1016/j.cbpc.2015.06.008
30. Bakiu R., **Santovito G.** (2015) New insights into the molecular evolution of Metazoan Peroxiredoxins. *Acta Zool. Bulg.*, **67**, 305-317.
31. Sattin G., Bakiu R., Tolomeo A.M., Carraro A., Coppola D., Ferro D., Patarnello T., **Santovito G.** (2015) Characterization and expression of a new cytoplasmic glutathione peroxidase 1 gene in the Antarctic fish *Trematomus bernacchii*. *Hydrobiologia*, **761**, 363-372. doi: 10.1007/s10750-015-2488-6
32. Bakiu R., Tolomeo A.M., **Santovito G.** (2015) Positive selection effects on the biochemical properties of fish pyroglutamylated RFamide peptide receptor (QRFPR). *It. J. Zool.*, **82**, 460-472. doi: 10.1080/11250003.2015.1071437
33. Tolomeo A.M., Carraro A., Bakiu R., Toppo S., Place S.P., Ferro D., **Santovito G.\*** (2016) Peroxiredoxin 6 from the Antarctic emerald rockcod: molecular characterization of its response to warming. *J. Comp. Physiol. B*, **186**, 59-71. doi: 10.1007/s00360-015-0935-3
34. Ferro K., Ferro D., Corrà F., Bakiu R., **Santovito G.<sup>e</sup>**, Kurtz J.<sup>e</sup> (2017) Cu,Zn SOD genes in *Tribolium castaneum*: evolution, molecular characterisation and gene expression during immune priming. *Front. Immunol.*, **8**: 1811. doi: 10.3389/fimmu.2017.01811
35. Ferro D., Franchi N., Bakiu R., Ballarin L., **Santovito G.** (2018) Molecular characterization and metal induced gene expression of the novel glutathione peroxidase 7 from the chordate invertebrate *Ciona robusta*. *Comp. Biochem. Physiol. C*, **205**, 1-7. doi: 10.1016/j.cbpc.2017.12.002
36. Garofalo F., Amelio D., **Santovito G.**, Pellegrino D. (2018) Absence of nitric modulation of starling response in haemoglobin-less Antarctic fish *Chionodraco hamatus*. *Mar. Environ. Res.*, submitted
37. Irato P., Trentin E., Gobbi I., **Santovito G.**, Tallandini I. (2018) Integration of physiological antioxidant responses in *Mytilus galloprovincialis* exposed to sublethal cadmium concentration. *J. Comp. Physiol. B*, submitted
38. Bakiu R., Boldrin F., Piccinni E., **Santovito G.\***, Irato P. (2018) Molecular evolution of metallothioneins in Notothenoidei under the peculiar Antarctic environmental conditions, submitted

39. Korro K., Bakiu R., Tolomeo A.M., **Santovito G.** (2018) *Rotavirus* presence in Mediterranean mussels (*Mytilus galloprovincialis*) from southwestern Albanian coast, in preparation

\* corresponding author <sup>e</sup> equally contributed
